Each bar code can appear like this **I 0365 00035 6** or this **B FTSP 01534 7** and each bar code has a label header that displays the name of your institution. The first letter is usually a **B** for borrower labels or an **I** for items. The following 4 positions contain a 4 digit number or 4 letters that uniquely identify your location. (For schools, this is more usually the school number). The next 5 digits are the "item number" or "borrower number". These values begin at 1 and sequentially increment, the final digit is a checksum test number and is used internally by the automation software for security purposes, it can be ignored.
